Agencies
(Observers)

Intergovernmental Data Quality Task Force (IDQTF)
(established 1997)

IDQTF
Subgroups

IDQTF Mission and Goals

Mission

- To document an intergovernmental quality system beginning with the hazardous waste programs (CERCLA and RCRA)

Goals

- To document an intergovernmental system based on ANSI/ASQC E4
- To identify the roles and responsibilities of EPA and other Federal agencies regarding QA oversight
- To develop guidance for implementing Federal Government-wide requirements and procedures regarding data quality

Who Are the IDQTF Consensus Members?

Task Force Operates by Consensus

Consensus Members Include

- EPA — OSWER, OEI, and four Regions
- DoD — Chairperson of Environmental Data Quality Workgroup
- DOE — Representative of Environmental Management Organization

Chaired by

- Jim Woolford, Federal Facilities Restoration and Reuse Office (FFRRO)

MOUs

- Have been signed to jointly develop consensus IDQTF products
